The world tilted for Elodee this year, and now itâ€™s impossible for her to be the same as she was before. Not when her feelings have such a strong grip on her heart. Not when she and her twin sister, Naomi, seem to be drifting apart. So when Elodeeâ€™s mom gets a new job in Eventown, moving seems like it might just fix everything.

Indeed, life in Eventown is comforting and exciting all at once. Their kitchen comes with a box of recipes for Elodee to try. Everyone takes the scenic way to school or workâ€”past rows of rosebushes and unexpected waterfalls. On blueberry-picking field trips, every berry is perfectly ripe.
Sure, there are a few odd rules, and the houses all look exactly alike, but itâ€™s easy enough to explainâ€”until Elodee realizes that there are only three ice cream flavors in Eventown. Ever. And they play only one song in music class.
Everything may be â€œevenâ€• in Eventown, but is there a price to pay for perfectionâ€”and pretending?
