Fyi, we dont upload book downloadable Forget You Know Me on clubdeexploradores.org, this is just PDF generator result for the preview.

Forget You Know Me is that book you can't put down, and can't stop thinking about when you are finished. Sally Hepworth, bestselling author of The Family Next Door

When a video call between friends captures a shocking incident no one was supposed to see, the secrets it exposes threaten to change their lives forever.

Molly and Liza have always been enviably close. Even after Molly married Daniel, the couple considered Liza an honorary family member. But after Liza moved away, things grew more strained than anyone wanted to admit in the friendship and the marriage.

When Daniel goes away on business, Molly and Liza plan to reconnect with a nice long video chat after the kids are in bed. But then Molly leaves the room to check on a crying child.

What Liza sees next will change everything.

Only one thing is certain: Molly needs her. Liza drives all night to be at Molly's side but when she arrives, the reception is icy, leaving Liza baffled and hurt. She knows there's no denying what she saw.

Or is there?

In disbelief that their friendship could really be over, Liza is unaware she's about to have a near miss of her own.

And Molly, refusing to deal with what happened, won't turn to Daniel, either.

But none of them can go on pretending. Not after this.

Jessica Strawser's Forget You Know Me is a twisty, emotionally complex, powder keg of a tale (bestselling author Emily Carpenter) about the wounds of people who've grown apart. Best, friends, separated by miles. Spouses, hardened by neglect. A mother, isolated by pain.

One moment will change things for them all.
