She must accept her fate â€œ and so must he.

The Omega Gift

Sheltered all her life, Omega Shaya found joy in the gardens of her home, the protection of her sister, and the simplicity of her life.

But when the decision to save her sister suddenly puts her in the possession of a fierce tribal warrior, she begins to understand that life can be savage, and painful, and complex.

Alone, and with no way to protect herself, Shaya is determined to overcome the harsh treatment of a culture she doesn't understand, but when she finds herself attracted to the Alpha's dominance, she has to find a way to resist him so he doesn't break her completely; body, mind, and heart.
